## REPORT OF THE SCHOOL BOARD.

---

In presenting this our annual report of the schools required by the laws of the state, we think that on the whole we can truthfully say that they have been successful and the money raised by the town profitably expended. It was our earnest endeavor to secure good teachers, and to retain them through the year. With one exception, for one term only, these expectations have been realized. We refer here to the second term of the school at Chesham. This teacher was a graduate of the high school in her own town and also of the Salem, Mass., normal school, and had an experience of two years in teaching, and came with good recommendations, and the fact that she is teaching a satisfactory term of school at the present time would seem to justify the school board in employing her. It was apparent to the board from her commencement that she was deplorably deficient in government, that requirement of a good school, and without which chaos will soon reign. We gave her good advice at different times, and also to the scholars, and hoped for the best. Things went passably well for a while, but before the term closed she lost control and bedlam reigned. She was completely broken down physically and mentally, and as soon as able left without any examination, an object of pity and not without our sympathies. Whatever the faults of this young lady as a teacher, she never harmed or ill-treated any of the children under her charge, and the gross and wanton abuse to which she was subject, both in school and out, by these scholars, shows something wrong in their moral make-up or in their home training. To instill into the youthful

mind the precepts of the golden rule will make better boys and girls, and men and women, too, than all the religious tenets and dogmas under the sun.

We have had 29 weeks of school, the most we ever had excepting last year, and with the usual amount of money raised we can have the same length of schools the present year, or possibly more, as nearly \$50 was expended in shingling the school house at East Harrisville.

It will be observed that the money expended for text books and supplies is very much less than usual. We have purchased no text books except to replace those badly soiled or worn out and the teachers have prevented extravagance in the use of supplies.

The centennial anniversary of the death of Washington was observed by appropriate exercises in all our schools. Nothing can tend to preserve the memory and impress the teachings of the father of his country upon the rising generation, better than the devotion of an occasional day in our schools to a review of the life and history of this illustrious man, the idol of all lovers of human liberty throughout the world. May we always love and cherish his memory, observe his teachings, so that "this government of the people, for the people and by the people, shall not perish from the world."

In closing this brief report we would refer you to the statistical tables herewith appended, and also to the report of the treasurers for the financial transactions.

Respectfully submitted,

GEO. W. BARKER,  
S. D. BEMIS,  
School Board of Harrisville.

J. F. Cutler, paid in Hinsdale,	1 50
T. J. Donovan, left town,	1 50

Henry Murdock, left town,	1 50
	<hr/>
	\$25 89

It is not our purpose to make recommendations for appropriations, but, it will be necessary for the town to raise more money the coming year to pay the interest on the town debt. Our savings bank tax, instead of being enough to pay our state and county tax and leave a balance besides as it did a few years ago, has got down to about one-third of its former amount, making a difference in the cash receipts of the town of one thousand dollars. It should be our aim to keep the tax rate as low as possible and pay something on the principal of the indebtedness of the town, at least we ought not to run into debt.

The town at a special meeting in September, authorized the borrowing of five hundred dollars to defray the expense in laying out and building of a new highway in the west part of the town, petitioned for by C. Hanford Henderson and others. The road was accordingly laid out and the building was let at public auction. C. A. Blake making the lowest bid was awarded the contract for building at \$2.95 per rod. The road being completed was accepted by the selectmen and the contract price of \$516.25 has been paid.

BERNARD F. BEMIS,  
FRANK C. FARWELL,  
ARTHUR E. WRIGHT,  
Selectmen of Harrisville.
